Profile

David is a Chartered Landscape Architect and urban designer providing design and advocacy services in place making and the design of urban and rural areas for regeneration, development, conservation and improvement. He has many years experience in both leading and supporting complex projects designs at a variety of scales from neighbourhood and small town to rural county or city district, providing urban and landscape design support to architectural and engineering design teams in the UK, Europe and the Middle East. He also has extensive experience facilitating both community and professional design workshops to arrive at collective design solutions for developments. He is a Design Council CABE BEE as well as other enabling bodies.

He has led and managed a number of masterplans as well as detail design contracts for mixed use, commercial and housing development, across the UK and overseas. He has extensive strategic as well as detail design experience dealing with town centres and neighbourhoods as well as public space design and landscape design on high quality projects from Trafalgar Square in London to luxury hotels in Dubai. David was previously Technical Director at Mouchel after periods with Alan Baxter & Associates, WS Atkins and HLM Architects.

Key Experience

BOURN AIRFIELD MASTERPLAN, Countryside Properties. Lead urban designer developing outline masterplan for 3500 homes on 170 ha west of Cambridge.

WESTERHAM VALLEY, Squerryes Estate. Masteplanner for an urban a design framework to show how this medieval market town can grow sustainably and improve the surrounding countryside.
